

The Tiny Things Detective

Look closer. Brighter days hide in small things.

You are a Tiny Things Detective! Your mission is to notice the small moments, details, and ordinary things that can make a day feel special. Look around your classroom, playground, home, or neighborhood. Find the little things others might walk right past.

Something beautiful I almost missed...

What did you notice that was quiet, small, or easy to overlook?

A sound that made the day better...

What did you hear that you liked or that made you feel good?

Something that made me smile...

What did you see, experience, or remember that brought a smile to your face?

Something someone did for me...

What did someone say or do that was kind, helpful, or thoughtful?

Something ordinary that I'm glad exists...

What is a simple, everyday thing that makes life better?

My tiniest good thing of the day...

What is the smallest thing you noticed that still made your day a little brighter?

Detective Reminders:

- ☐ Look closely.
- ☐ Notice with all five senses.
- ☐ Even small things matter.
- ☐ Be a kind and curious observer.
- ☐ Details help tell the story!

Reflection:

What did you learn about noticing today?

Good Tidings, where reading feels like fun.
