Good things are everywhere — if we take time to notice them. ♥

Gratitude Photographer

Without a Camera ♥

Look for a small, ordinary moment that felt good, special, kind, funny, or peaceful. Then answer the questions and draw your word photograph.

You're a photographer.

But your camera has disappeared,

Use your words and imagination to take a word photograph with your heart. ♥

1

What would be in the picture?

2

What's happening?

3

What tiny detail would the camera catch?

4

Why would you want to remember it?

My Word Photograph ♥
