Name: _____ Date: _____

Snowball Story Swap

A story that keeps getting bigger!

Write a story beginning, crumple or pass it, and let another student continue.

How It Works:

1. Write the beginning of a story.
2. Crumple it into a snowball or pass it to a friend.
3. The next student reads it and adds the next part.
4. Keep going until your story comes back to you!

New Friends New Ideas Big Stories!

1 The Beginning

Write the first part of your story.

2 Pass It On

Crumple it like a snowball or pass it to a classmate. They read it and add the next part of the story.

3 Keep It Going

Each student adds another part. What happens next?

4 The Ending

When the story comes back to you, read what your classmates added and write the ending.

How did the story change?

What was your favorite part that someone else added? Why?
