A Classroom That Recommends Reads Together!

This packet makes it easy for students to recommend books they love and helps your classroom build a culture of reading, sharing, and excitement!

HOW IT WORKS

- ★ Students fill out a Book Recommendation Card for a book they really liked.
- ★ Cards are placed on a table or in a basket for others to read.
- ★ Display the cards in your reading area or classroom library.
- ★ When a book gets lots of recommendations, feature it on a special shelf!
- ★ Celebrate readers and keep the recommendations rotating!

Let's build a
classroom full of
great book
recommendations!
