Teacher Instructions

Create a beautiful bulletin board that celebrates the unique contributions of each student!

1

Introduce the Activity

Talk about how everyone brings something special to the classroom. Explain that each student will create a leaf to share what they contribute.

2

Create the Tree

Use the tree trunk and branches pages (or create your own) and display them on a wall or bulletin board. Add a title (pages provided) and extra decorations if desired.

3

Make the Leaves

Students choose a leaf template, write their name, and complete the sentence: "I contribute to our class by..." They can write, draw, or both!

4

Display and Celebrate

Add the completed leaves to the tree. Step back and admire a classroom full of kindness, talent, ideas, and unique contributions!

"When we each do our part,
our class grows into something amazing!"

Materials Needed

- ☐ Leaf templates (included in this packet)
- ☐ Printer paper or colored cardstock (optional)
- ☐ Scissors
- ☐ Crayons, markers, or colored pencils
- ☐ Tape, glue, or staples
- ☐ Butcher paper or bulletin board background paper
- ☐ Tree trunk and branches (included or create your own)
- ☐ Title pieces and bulletin board letters (included)
- ☐ Optional: fall accents (paper acorns, birds, etc.)

Tips for Success

- Use different leaf shapes and colors for variety.
- Let students be creative with words and/or drawings.
- Consider using colored paper or having students decorate their leaves with patterns.
- Add the leaves throughout the week as they are completed.
- Display in a high-traffic area to celebrate your class all season long).
- Take a class photo with the finished board!

Make a Big Difference!**

How to Create the Tree

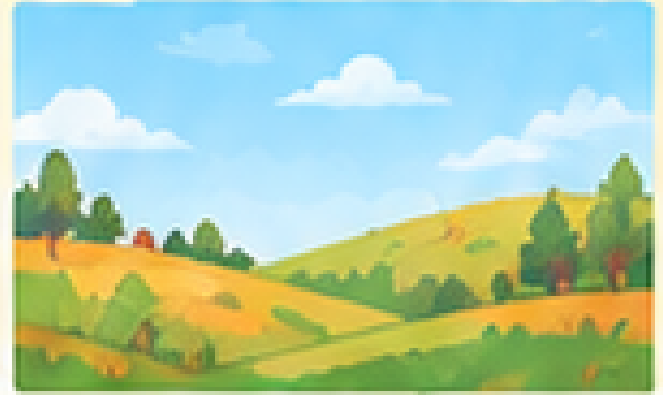

1 Make the Trunk

Print the tree trunk and branches from this packet (pages 5–6), or create your own using butcher paper.

2 Add a Background

Use bulletin board paper or butcher paper for the background. You can add grass, sky, or fall scenery to make it extra special!

3 Add the Title

Use the provided title pieces (pages 7–8) or create your own with craft letters.

4 Add the Leaves

Have students add their completed leaves to the tree. You can arrange them throughout the branches, on the ground, or even “falling” around the tree!

Every leaf makes our tree more beautiful!
